

How to change .hu technical contact

There is no need for a signed contract for replacing the domain name technical contact and replacement of the Technical Contact is free of charge.

REPLACE THE CURRENT TECH CONTACT OF THE DOMAIN NAME:

1. Sign in with <https://admin.dotroll.com> with your username and password
2. In the top menu bar, click the **Domains / My Domains** menu.
3. Select the domain name for which you want to make the change and then click on it.
4. In the **Manage** box on the left, select **Contacts change**.
5. At the top of the page that appears, you can see the current domain tech contact and its data.
6. To find a change to the **Tech contact** item, select from the drop-down list below:
 - formerly created the contact
 - or select the **Add New Contact...** option to add a new contact
7. Choose the tech contact type that can be:
 - Person
 - Company
8. Then fill out the form elements.
9. Click the **Next** button where the system will show an overview page with the data you entered.
10. If all data is correct, click the **Checkout** button of the bottom of the page.

The technical contact change is then done within a few minutes.
